Danish Academic Job Fair 2020

Recruitment from across all Danish universities – all from the comfort of your home or office

Be part of the largest career event of 2020

The Danish universities have joined forces and bring to you *the* recruitment event of the year.

Do you want to be a part of it?

The job market has taken a hit this year and graduates this summer are facing a challenge in landing their first full time job.

In order to create the best opportunities for Denmark's fresh graduates all Danish universities are hosting a cross-academic, cross-country, and cross-university career fair that aims at connecting graduates with their future employer.

We invite you to participate in order to engage with top candidates - **across all university portals at the same event!**

It's **100% free for you to attend** - all you need to contribute with is minimum 1 concrete career opportunity relevant for a fresh university graduate.

There is a limit to how many companies can attend, so register as soon as possible and **secure your attendance**

Live chat for candidates based on jobs or your unique topics

Active recruiter sourcing and access to candidate CVs

Overall performance and interaction report of the event

100% compatible with desktop, iPad and mobile

Online across all Danish university portals
